

Control the future of your slit lamp.

The Limited Lifetime Warranty

Congratulations on selecting and purchasing a Haag-Streit Slit Lamp, one of the finest medical diagnostic devices in the world.

Considering the cost and inconvenience of a disabled slit lamp, or worse, an incorrectly calibrated or repaired device, we believe the Lifetime Limited Warranty is a small price to pay to protect a major investment.

A Warranty with Exceptional ROI

- Preferential treatment for service response minimizes any downtime.
- Savings on outlays you would normally make for service.
- Confidence in only having experts work on your equipment.
- A complete rebuild of your equipment every three years. Haag-Streit mobile technicians will completely disassemble, recalibrate, and restore your slit lamp to pristine condition.

Of course, you can't put a price on the peace of mind knowing that your Haag-Streit Slit Lamp, critical to your practice, is fully protected.
